

LANTERN SERVICES LIMITED
Environmental Policy Statement

*Lantern Services Limited is a provider of Demolition Services and a supplier of Grab Hire Services, using skilled, experienced and certificated Operatives and Operators, to the Construction and Civil Engineering Industries.

Protection of the environment in which we live and operate is part of Lantern Services Limited's values and principles and we consider it to be sound business practice. Care for the environment is one of our key responsibilities and an important part of the way in which we do business.

This policy statement sets the direction of the Company by communicating management values, beliefs and commitment to the environment.

Lantern Services Limited is committed to continually improving its environmental performance.

I, as the Managing Director of the Company, have ultimate responsibility for formulating and implementing the company's environmental policy, and, for ensuring that adequate financial and physical resources and support are available for its establishment and implementation.

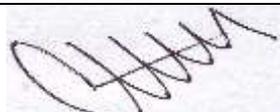

I am responsible for ensuring that the policy is effectively established and implemented throughout the company. Hence, I will ensure that employees are suitably qualified and fully competent to discharge their duties and responsibilities through training and personal development. The Company Managers are responsible for monitoring the implementation.

Employees, under the company policy, have a duty and responsibility to adhere to the requirements of our environmental policy, the requirements of our procedures and legislative / regulatory requirements. They also have the responsibility not to do anything that may harm or damage the environment or to pollute the environment through their actions or omissions. They are obliged to cooperate with management in the implementation and fulfillment of this policy.

Lantern Services Limited will involve employees in environmental matters that may affect them or their work activities through consultation and participation. Changes to this policy statement, environmental related procedures, practices and decisions which may affect the employees and/or the environment, will be discussed and agreed prior to introduction or implementation.

The company's initial induction training will be used to communicate this policy and any other relevant environment-related information, rules, procedures and instructions. Periodic refresher training, internal memos, toolbox talks, briefing sessions, safety alerts and posters will also be used to reinforce this and to communicate the changes and other relevant environmental-related information. Employees will be required to sign briefing acknowledgement and receipts as appropriate to confirm receipt and understanding of the briefing / communication.

This policy will be reviewed by myself, at least annually, to ensure that it is relevant to our organizational activities and arrangement and that it is up-to-date. The policy shall also be reviewed upon introduction of a new legislation / regulation, or change to existing ones. Where necessary, the policy will be revised to reflect the outcome of the review.
